

February 11, 1949

Mrs.

Sidney  
Australia

Dear Mrs.

In December, 1948, we wrote you, and todate have not heard from you. We realize you may have been busy and over looked the letter, but we are very interested in knowing how your son, is feeling at the present time. We would appreciate very much your taking time to write us a short note telling of his present state of health.

You may write at the bottom of this letter, if you so desire, and enclosed find a stamped, self-addressed envelope for your convenience in answering.

Hoping to hear from you soon,

Sincerely,

(Mrs.) A. Jorgensen, Secretary  
For: B. V. A. Low-Pear, M.D.  
Department of Radiology

Enclosure
